Memorandum for the Record

1. At his request, I conferred today with Paul Kamerick, Chief of the Staff of the Senate Appropriations Subcommittee on Mutual Security. Mr. Kamerick recently returned from an inspection overseas which included looking into the amount of strategic materials going into East-West trade.

I informed him that while we received some information on this subject in the course of our endeavors, we only had one piece of the picture and that other Departments maintained other pieces. I stated further that if we supplied him with certain information which he desired for the Committee, it would only be a small piece of the total picture and that other Departments were in a position to give him the total East-West trade picture. He thereupon requested me to ascertain for him from whom he might best request official information on the total East-West trade picture for the Subcommittee, and I told him that I would attempt to ascertain that answer.
